

GERMANY MAY END RELATIONS WITH SOVIET

Supreme Court Upholds Jobless Insurance Measure in New York

SIMILAR LAWS ARE IN FORCE IN 14 STATES

Court Decision Divided, 4 to 4, in Decision With Justice Stone Absent Due to Illness—Federal Act Not Involved in Hearing on Case.

Washington, Nov. 23. (AP)—The New York unemployment insurance law, which taxes employers to pay benefits to those out of work, was held constitutional Monday by an evenly divided vote of the Supreme Court.

Announcement of the Court was made in these words, after listing the title of three cases involving the act:

"The judgments in these cases are severally affirmed by an equally divided court."

Justice Stone, ill with dysentery, was not present Monday and did not participate in the decision. That made the vote 4 to 4.

How the justices were divided was not announced.

The New York Court of Appeals had upheld the insurance legislation.

Fourteen states and the District of Columbia have similar laws. The states are: Alabama, California, Idaho, Indiana, Massachusetts, Mississippi, New Hampshire, New York, Oregon, Rhode Island, South Carolina, Texas, Wisconsin and Utah.

Under the New York measure, employers of four or more persons, with certain exceptions, are required to pay a tax on payrolls which is to be placed into a pool to aid the unemployed.

While the legislation was supplementary to some extent to the Federal Social Security Act, the latter statute was not involved in the litigation decided Monday.

The New York law for 1936 was 1 per cent, 2 per cent for 1937 and 3 per cent thereafter. The fund is now in excess of \$20,000,000 paid by more than 70,000 establishments for 2,500,000 workers.

Benefits, not to be paid until 1938, are based by the legislation on 50 per cent of the full-time weekly wage, with a minimum of \$5 a week and a maximum of \$15 of qualified unemployed workers.

Benefits could continue only for a maximum of 16 weeks a year. The money is to be paid into the Federal treasury and returned as requisitioned by the states.

Under the Federal measure, a tax is assessed against employers, but 90 per cent of the amount is to be returned in states which had adopted unemployment insurance plans approved the Federal Social Security Board.

Constitutionality of the New York act was challenged by the associated industries of New York State, Inc., and by two Syracuse firms, E. C. Stearns and Co., and W. H. H. Vamberlin, Inc.

SECURITY ACT BLANKS READY

EMPLOYEE APPLICATIONS FOR ACCOUNTS GO IN MAILED TUESDAY

Delivery of "Employees' Applications for Account Numbers" under the social security program to each employer in Vernon will begin Tuesday morning, according to an announcement Monday by Postmaster John B. Hardin.

The blanks, which are to be filled out by the employee, are to be returned to the post office by Dec. 5.

About 80 per cent of the blanks recently distributed to employers have been returned to the post office. "It is requested that those employers who have not yet returned their applications mail them directly to the Social Security Board, Baltimore, Md.," stated Mr. Hardin.

Oil Supply Manager Dies

Wichita Falls, Nov. 23. (AP)—Floyd Kingery, for 15 years district manager for the Oil Well Supply Company here, died in a hospital Monday morning. Funeral services have not been arranged. The company operates 15 branch offices in the Panhandle and Northwestern Texas. All were under Kingery's supervision.

Constable Gets Deer

Hedley, Texas, Nov. 23. (AP)—A deer was arrested here recently. The young buck was caught by the town marshal as he wandered down a business street. It developed the deer fled the Word Ranch after being shot. Cowboys said they clipped the animal's antlers after it attacked a visitor.

New Envoy

Joseph E. Davies, international attorney and adviser to President Wilson, will be the next United States ambassador to Russia, succeeding William C. Bullitt, who has been transferred to Paris. Davies' wife is the former Mrs. Marjorie Post Hutton.

PROGRAM FOR THANKSGIVING SERVICE IS COMPLETE

Rev. S. J. May, pastor of the Odell Baptist Church, will deliver the sermon at union Thanksgiving services Wednesday evening at 7:30 o'clock in the First Methodist Church of Vernon. Protestant churches represented in the Vernon Ministers' Association, are cooperating in the special service.

Rev. W. L. Tittle, pastor of the First Baptist Church, will deliver the sermon at union Thanksgiving services Wednesday evening at 7:30 o'clock in the First Methodist Church of Vernon. Protestant churches represented in the Vernon Ministers' Association, are cooperating in the special service.

PAIR CHARGED IN BURGLARIES ARE RETURNED

Sheriff Ed Williams Arrests Griffin Brothers at Tyler—More Than \$1,000 Worth of Tools From Northwest Texas Gins Are Recovered.

Ike and Noel Griffin, brothers, charged with burglary in connection with the robbing last week of Gins at Oklahoma, Rayland, Thalia, Crowell, Avoca, Stamford, and Clyde, were returned Saturday from Tyler where they were arrested by Sheriff Ed Williams in cooperation with Tyler officers.

More than \$1,000 worth of tools, allegedly taken in the gin robberies, were also brought from Tyler. The tools have been identified and reclaimed with the exception of a few wrenches.

The two men who, according to officers have previously served terms in the penitentiary on burglary charges, were arrested after attempting to sell tools taken in the burglaries. The remainder of the tools had been hidden about 16 miles from Tyler but were recovered after the arrest of the two men.

President "Charged" In Neptune's Court

Aboard the U. S. S. Chester at Sea, Nov. 23. (AP)—President Roosevelt, appointed "Senior Pollywog" aboard the cruiser Indianapolis, ordered a watch posted Monday for Neptune Jones, royal agent of King Neptune.

The fictitious representative, who arranges initiations of travelers at their first crossing of the equator, was expected to arrive during the day to prepare facetious accusations against the neophytes.

Already the President has been charged with "gross incompetency in failing to carry Maine and Vermont" in the national election.

After official business was completed, a delegation of "Royal Police and Shellbacks" called on Mr. Roosevelt, gave him orders to post the watch and supervised formation of the welcoming committee.

HUNGARIAN CHALLENGER READY FOR WHOLESALE DUELING WITH NINE OPPONENTS IN TWO DAYS

Budapest, Nov. 23. (A-P)—"Me Against They" call him now in Budapest), donned a tattered and strode Monday from his gymnasium for a final, dress rehearsal of dueling.

A mite of a man, but bouncing with energy, Dr. Franz was stopped every few yards en route to the gymnasium by dueling-loving Hungarians. They told him to "be brave."

Monday night and Tuesday he's to fight nine opponents in defense of the honor of his blonde wife and their unborn baby. He was accused of marrying her for her money.

The 20-year-old wife, Magda, who now knows all, recovered her composure. She bade Dr. Sarga Godspeed with the Hungarian equivalent of "give it to 'em, honey."

His 48-year-old mother, who is suffering a heart affliction, told him: "Call me up after it is over."

At the gymnasium, amid a great din of clattering foils, Sarga slipped out of his fencing costume and shirt to disclose a fencing costume underneath.

Grabbing a foil, he made a series of furious lunges at fencing Master Santelli, who finally had to give way to the dashing midget.

Santelli removed his mask and congratulated the Herr Doctor warmly.

The ambitious challenger wolfed his last meal before the nine duels in company with the Associated Press correspondent.

He ate a Bismarck herring and a hard roll, and drank light wine.

Dr. Sarga said he probably would fight the duels in his horn-rimmed spectacles, which probably are the most repaired pair of glasses in Hungary. They have been shattered frequently in 17 previous duels.

The jocular veins of the contestants will be covered only with a light cloth about their necks. Sarga is the smallest of the duellists, but his hairy shoulders are the broadest of the ten.

Monday night's first duel will be the toughest, Dr. Sarga opined, and the two following it should be easy "because I'll be warmed up."

Budapest buzzed with speculation over whether Chief of Police Tibor Ferenczy would stop the duels. Generally, it thought not, because Chief Tibor loves the sound of clashing foils himself.

Surviving are the father and mother; two sisters, Edna and Juanita; Percy, four brothers, Luther, Robert, Bell, Raymond, and Johnnie; a grandfather, T. E. Reed, of Plainville, and uncles and aunts.

Mr. and Mrs. Ed Percy of South Vernon, Mr. and Mrs. Bob Percy of South Vernon, John Percy, Kilgore, William Percy of California, Mr. and Mrs. William Reed of Plainville, Mr. and Mrs. Columbus Reed of Farmington, N. M., and Mrs. Bain Smith of Plainville.

Palbearers were Marcell McCarthy, Edwin Beck, Clifford Lockett, William Hasehoff, Dalbert Orr, and Robert Tillery.

Interment was in the East View cemetery.

AVIATION OFFICIALS EYE BRITISH ISLE IN PACIFIC

Washington, Nov. 23. (AP)—Air-minded government officials, authorized circles said Monday, are casting eyes at tropical Christmas Island in the Pacific, where the British flag has flown for nearly a half century.

Much larger than Howland, Baker and Jarvis, the nearby bits of land for the occupation of which Congress appropriated \$35,000 last June, Christmas is more nearly than the United States and New Zealand and Australia.

Almost astride the American defense line in the Western Pacific, it has a big lagoon that might provide a harbor for naval surface ships as well as aircraft.

While some informed quarters professed belief no move was planned for the present, a State Department official said flatly "the United States does not recognize British sovereignty there."

REBELS BOMBARD MADRID AS ATTACK REPULSED IN NORTH

Madrid, Nov. 23. (AP)—A rebel bombardment which wrecked passenger trains in the north station yards early Monday drove 20,000 residents of the Rosales district to the streets in panic. Two shells from rebel batteries struck the station.

At the same time, the rebel offensive from the north appeared to have been repulsed as Loyalist batteries strafed rebel positions in the University City section.

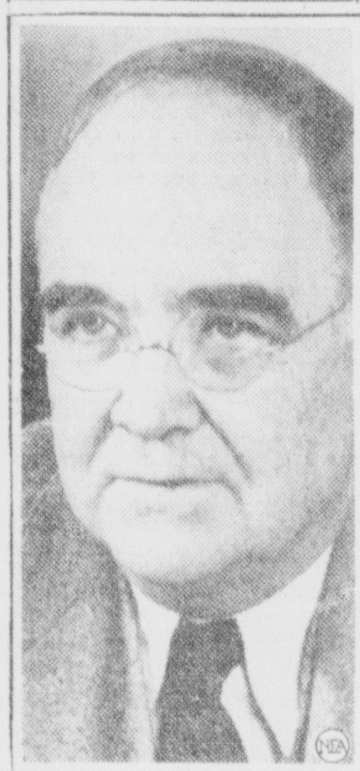

Yearlings Delivered

Ashtola, Texas, Nov. 23. (AP)—The JA ranch delivered 3,900 yearlings to Jack Roach of Amarillo recently. The majority of the herd being trailed to Roach's ranch on Allen Creek, east of here. The balance was shipped to his range in Randall County.

Windmill Stolen

Pampa, Nov. 23. (AP)—A windmill—tower, pump and pipe—was stolen from the Mel Davis ranch south of Lefors, and Davis offers a \$100 reward for information leading to the arrest and conviction of the thieves.

Tugwell's Aide

Resignation of Rexford G. Tugwell as resettlement administrator was followed by the report that he would be succeeded by his assistant, Will Winton Alexander, above, Alexander, 52, native of Missouri, is a former clergyman and has been active for years in religious, educational, and civic work. He was a director of the Julius Rosenwald fund before entering Federal service.

GRANGE LISTS FARM PROGRAM

PLATFORM FOR 1937 IS ANNOUNCED TO AID AGRICULTURE

Columbus, Ohio, Nov. 23. (P)—The National Grange announced Monday a 13-point platform for agriculture in 1937.

L. A. Taber, master of the fraternal organization, said "we look forward to greater growth and progress on all fronts in the Grange's effort to obtain equality for agriculture."

The plank:

A sound program of soil conservation, controlled by farmers.

Crop insurance under Federal supervision, providing for voluntary participation by farmers, to protect them against drought, flood or other disaster.

A tariff designed to safeguard American markets for American farmers, repeal of the "favored nation" clause, and provision that reciprocal treaties be ratified by the United States Senate.

Sound currency, based on a dollar of constant purchasing and debt paying value.

Continued aid for agricultural extension and research, vesting control of school systems in the states.

A cooperative rural credit system based upon ability of the farmer to pay and return majority control of land bank boards to farmer borrowers.

A rural rehabilitation program that will aid worthy tenant farmers and sharecroppers to own their farms.

A transportation system that permits farmers to use the cheapest and most efficient form.

Extension of rural electrification as rapidly as possible.

Broaden the base of taxation, tax all incomes, including those of public officials; return part of Federal income taxes to states for school uses.

Support farmer-owned and farmer-controlled cooperatives for buying and selling.

Oppose any policy which allows the United States to become involved in war abroad; nationalize the munitions industry; take profit out of war.

Urgency efficiency and economy in all governmental activities.

HOUSTON GARDENS HOMES MAY BE VACATED AT ONCE

Houston, Nov. 23. (P)—Plans were made Monday by residents of Houston Gardens, resettlement project, to take care of neighbors threatened with eviction for failure to make payments on their homes.

Six families of the gardens were advised the Sheriff's Department would move their belongings into the streets after 5 p. m. Tuesday unless back payments were made.

At a meeting of families which refused to sign new contracts for their homes when the Federal Government changed the set-up several months ago a committee was appointed to purchase a tent to shelter any of those forced to move.

Families not served with eviction notices offered the facilities of their homes.

Lufkin, Texas, Nov. 23. (P)—W. H. Moore, missing 17 days, was found shot to death near his home 30 miles east of here Sunday by three neighbors. The 36-year-old man lived alone. A justice of the peace at Zavalla returned a verdict of suicide.

VERNON Now, Through Wednesday

SPECIAL THANKSGIVING EVE MIDNIGHT FROLIC!

PICTORIUM ADMISSION 5c and 15c

A. F. L. RIVAL THREATENED

Tampa, Fla., Nov. 23. (P)—Outspoken threat of a rival organization faced American Federation of Labor leaders Monday while they neared a showdown on future relations with John L. Lewis' rebel unions.

Charles P. Howard, secretary of Lewis' committee for industrial organization, said the insurgents would be forced to set up a rival organization if the Federation's convention backed up suspensions of the rebel unions.

"We will be given to set up more than a committee without a constitution, without dues and without affiliation," he said.

"It will mean a full organization and that will mean a fight."

Howard is a delegate to the Federation convention, even though he is a rebel committee executive and before Monday had not taken his seat.

Despite Howard's threats, majority leaders of the A. F. of L. were agreed on a middle course—continued suspension of the 10 insurgent unions rather than the outright expulsion demanded in some quarters.

OFFICERS TAKE GAMBLING EQUIPMENT IN RAID HERE

Gambling paraphernalia valued at approximately \$600 was confiscated Monday morning by Wilbarger County officers in a raid on a local hotel. It was the second raid of a like nature in the past few weeks. Officers said several arrests would be made within a short time in connection with the case.

The equipment taken in Monday's raid included two dice tables, a poker table, several decks of cards, several boxes of dice, and \$219.25 in cash. According to officers who took part in the raid, several rooms on the third floor of the hotel had been operated as a gambling establishment.

Equipment taken by officers in a recent raid at another local hotel has been ordered destroyed Nov. 30 by Justice of the Peace F. M. Taylor. Officers stated a similar disposition would probably be made of paraphernalia taken Monday.

TWO NEW GROUPS JOIN IN MARITIME STRIKE IN EAST

New York, Nov. 23. (P)—While steamship owners and the International Seamen's Union declared the maritime strike on the East Coast had been broken, two new groups were called to join the walkout Monday.

Leaders of the Masters, Mates and Pilots Association and of the Marine Engineers Beneficial Association issued calls for the walkout in all Atlantic and Gulf ports.

Joseph Curran, chairman of the Seamen's Defense Committee, which is conducting the strike here, said 2,000 men affiliated with the Masters' and Engineers' Associations would join the strike in New York.

But R. J. Baker, president of the American Steamship Owners Association, said the two groups did not have "sufficient strength on the eastern seaboard to affect the movement of shipping."

SUNDAY SCHOOL BAND IS PLANNED BY METHODISTS

A band will be sponsored by the intermediate department of the First Methodist Sunday School, and officials have requested all prospective members to bring their instruments to a meeting Monday evening at 7 o'clock at the church. Ted Tucker will direct the band, and Mrs. E. W. Abbott, chairman, will appoint other sponsors to assist the organization.

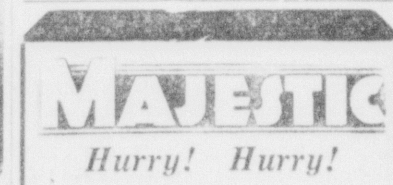

UNION RAIL WORKERS IN LOUISIANA BACK ON JOB

New Orleans, Nov. 23. (P)—Union employees of the Louisiana and Arkansas Railway and the Louisiana, Arkansas and Texas Railway who went on strike Sept. 19, returned to work Monday under agreements reached last week in conferences with Governor Richard W. Leche.

Strike differences on wage claims and full union recognition were settled secretly last week and the strike was declared at an end.

Not a Joyride.

Salisbury, N. C., Nov. 23. (P)—What began as a prairie ride to work turned into a harrowing brush with death for John Pless. His car left the highway, ran into a cemetery, howled over five tombstones and snapped off an 18-foot monument before turning over. Pless' only injury was a broken arm.

Appeals for Aid In Moving Food To Alaska Heard

San Francisco, Nov. 23. (P)—The maritime strike tightened around the United States Monday, with unions representing ships' officers calling a walkout for noon at all American ports.

Officials here of two American Federation of Labor unions, the Masters, Mates and Pilots Association and the Marine Engineers Beneficial Association, said it was the first time to their knowledge that a nationwide maritime strike has been called.

Assistant Secretary of Labor Edward F. McGrady, meanwhile, pressed efforts here to settle the far-flung waterfront disputes and their attendant conflicts.

Colonel O. F. Ohlson, manager of the government-owned Alaska railroad, discussed with McGrady plans for proposed chartering of ships to send food to the Aleutian Islands. B. Polinder, of Hawaii, for aid were also being considered by Federal agencies.

The nation-wide strike call, issued at New York Saturday by William S. Browns, national president of the Engine Room Officers, and James J. Delaney, national president of the Deck Officers, officially extended the scope of the Pacific Coast general maritime strike.

CHRISTIAN SCIENCE TALK PRESENTED IN VERNON

William Duncan Kilpatrick, C. S. B., of Detroit, Mich., a member of the Board of Lecturers of the Mother Church, the First Church of Christ, Scientist, in Boston, lectured Sunday afternoon at the High School Auditorium on "Christian Science: Its Demonstrable Application."

In explaining the "seeming inconsistencies which have wrought so much havoc in the religious fabric of life," Mr. Kilpatrick discussed the influence of Mary Baker Eddy, the founder of Christian Science, on Christianity.

Among the phases of Christian Science discussed in the lecture were the "material concept of man as the true image of God," the "Material Foundation," "The Human Body," the concept that "Sickness and Inharmony are Not of God," the belief "wherein lies our freedom from this bondage of human, or mortal thinking," the concept of Heaven, "Things as Thoughts," "Individual Responsibility for Freedom From Error," "The Business Man," and "Prayer."

DR. HARGROVE TO TEACH LESSON FOR INSTRUCTORS

Dr. H. H. Hargrove, pastor, will teach the Sunday School lesson at the weekly meeting of Sunday School teachers and officers of organized classes Tuesday evening at 7:30 o'clock at the First Baptist Church. The lesson is one which Dr. Hargrove wrote upon request of associational officers. It is entitled "God's People Supporting God's Work by Following God's Plan."

Arrangements will be made for next Sunday, which has been designated as "Loyalty Day" for the church. A goal of 950 has been set for Sunday School attendance. The teachers' meeting is scheduled for Tuesday instead of Wednesday, due to union Thanksgiving services in the city.

NANKING TROOPS GO TO AID OF SUIYUAN PROVINCE

Kweisi, Suiyuan Province, China, Nov. 23. (P)—Suiyuan defenders, drawn up in border positions against a threatened invasion from Chahar Province, where strengthened Monday by national government troops from Shansi.

Nanking's assistance, when completed, was to consist of 10 divisions of infantry and 50 airplanes, Chinese sources reported.

Advices from Peking declared Japanese fighting planes were circling over the northern Suiyuan frontier.

ORIS P. VAN SWERINGEN IS CLAIMED BY DEATH

Cleveland, Nov. 23. (P)—Oris P. Van Sweringen, Cleveland financier, died Monday aboard a train en route to New York, his offices here announced.

Van Sweringen, whose brother M. J. Van Sweringen died less than a year ago, left Cleveland for New York Sunday night.

Van Sweringen, who was 57 years old, boarded a Nickel Plate train here at 6:01 p. m. (Eastern Standard Time) Sunday night for the trip to New York.

DECLINE IN GOLD IMPORTS EXPECTED BY EXPERTS

Washington, Nov. 23. (P)—Although saying that action probably will be necessary to neutralize effects of the recent gold inflow on domestic credit, Administration banking authorities Monday predicted a steady decline in future imports of the yellow metal.

Hinting broadly that it may further increase reserve requirements, the Federal Reserve Board has announced it is "giving careful consideration" to reducing excess bank reserves, now swollen to abnormal proportions by a sustained flight of foreign money to this country.

Easy Picking. Forest City, N. C., Nov. 23. (P)—A government-supervised deer hunt is under way in Pisgah National Forest, but Mrs. Lucy Upton is doing very well at home, thank you, and without the aid of powder and lead. Out picking peas, she said, she saw a deer and walked over and caught it bare handed.

PETITIONS ASK HOSPITAL VOTE

ISSUANCE OF \$18,000 IN BONDS CALLED FOR IN PROPOSAL

Copies of petitions addressed to the County Commissioners Court, requesting that a section be collected as early as practicable to determine the wishes of Wilbarger County voters as to accepting or rejecting the gift of Dr. T. A. King's hospital, as offered recently by him, was completed Monday morning by the Vernon Chamber of Commerce, and were ready to be placed in circulation Monday afternoon.

The petitions call for the issuance of \$18,000 in bonds by the county, which would provide for paying \$12,500 to Dr. King for hospital equipment at the price asked when he offered to give the building and site to the county, and to make minor improvements in the reception room, kitchen and laboratory.

It was announced that any citizen of the city or county who will assist in circulating the petitions immediately to secure the required number of signatures is invited to call at the Chamber offices on the second floor of the courthouse and obtain a copy.

Although not advocating acceptance nor rejection of the offer of Dr. King, directors of the Vernon Chamber decided last Friday morning to prepare the petitions and place them in the hands of citizens for signatures, requesting the election be called to give the voters of the county an opportunity to pass upon the offer. It was stated by President J. L. Eggleston that Dr. King's offer was considered of such importance that the voters should have a chance to express their views at the polls and that Dr. King is entitled to an answer on the matter as early as it can be given reasonably.

The Chamber directors said the facts and figures concerning the matter should be brought to the attention of the public by a citizens' committee, to help the voters understand the issues and be able to vote wisely at the election.

The petitions must be signed by at least 10 per cent of the resident, qualified, property-taxpaying voters of the county before the Commissioners Court can call the election. After the call is issued, 30 days must elapse before the election is held.

STATE INCOME GIVEN BOOST

Austin, Nov. 23. (P)—The oil tax section of the omnibus bill passed at the last legislative session probably will raise more money than the other sections combined.

The gross production levy on oil was increased from 2 cents or 2 per cent of value to 2 1/2 cents or 2 1/2 per cent of value. The percentage tax applies when oil is selling for more than \$1 a barrel.

If production should remain as low during the current fiscal year as in the last and there should be no price increase, additional revenue would be around \$9,220,000 annually. But oil men are hopeful the allowable will be higher and that prices of crude will rise within a few months.

Texas levies 3-10 cent per barrel tax for enforcement of oil taxation. It also is attempting to collect a tax on intangible assets of pipelines. Oil companies, in addition, must pay their ad valorem taxes and they contend the gasoline tax is a burden on them.

Many in Texas assert the oil levy is too low. F. W. Fischer of Tyler, in his campaign for Governor last Summer, urged a 15-cent per barrel production tax to pay pensions to every one over 65 years old. The House voted at the recent session to increase it to 3 1/2 cents but the Senate would not agree.

The Legislature ordered a 50 per cent increase in the tax on gas, 37 1/2 per cent on sulphur and new taxes on carbon black, marble, cinnabar and other ores.

J. W. Byrne of the Comptroller's Department estimated additional revenue from a tax of 3 per cent of value on natural and casinghead gas would be more than \$150,000 yearly and that from the sulphur tax increase about \$375,000 per year. First payments of the carbon black levy are due Dec. 25. The tax is one-twelfth of a cent per pound when carbon black is selling for four cents a pound or less and three per cent of value when its market value is more than four cents.

Although the present sulphur tax of \$1.03 per ton is four times as large as that six years ago, some in the Legislature believe it should go higher.

Byrne said little revenue would be obtained from the new tax of 10 cents a ton on marble and cinnabar and five cents on other ores. The first thousand tons of any producer are exempt.

HUNTERS BAG 14 BUCKS IN VALENTINE SECTION

Each member of a hunting party consisting of 14 men from Vernon, Crowell, Electra and Wichita Falls bagged a deer in a hunt last week near Valentine in the Davis Mountains. Most of the hunters returned Sunday.

Members of the party were T. E. Davis, J. T. Carrington, J. M. Underwood, H. D. Snell, J. K. Freese, Will L. Stephens, C. Fred Russell, W. D. Curtis, M. V. Liles, and J. R. Wright of Vernon, Pete Bell of Crowell, Jimmy Totten and W. B. Vandergift of Electra, and Jack Prince of Wichita Falls.

Marvin L. Sharp and E. A. Vernon of Vernon and R. M. Fielder of San Angelo were unsuccessful in their efforts to shoot deer near Alpine.

Daily Markets

(By ASSOCIATED PRESS LEASED WIRE)

COTTON

New York, Nov. 23. (P)—Cotton futures opened steady, 3 lower to 1 higher with liquidation for the first December notice day tomorrow taken by the trade, December, 11.77; January, 11.72; March, 11.69; May, 11.69; July, 11.63; October, 11.27.

Trading was fairly active but the initial prices were narrow and irregular. There was considerable exchanging from December to later months. The trade again absorbed most of the December offerings and there was also some foreign buying, but hedge selling and offerings from New Orleans in the later positions caused the market to sag somewhat toward the end of the first half hour. March sold off from 11.71 to 11.68 while next October eased from 11.27 to 11.21. Prices generally at the end of the first half hour were from 1 to 9 points less lower. New York Cotton Exchange Service reduced its estimate of foreign crops by 300,000 bales and placed the total world crop at 29,751,000 bales. World consumption of all cotton is currently running on an annual basis of 29,000,000 bales or more, the Service said.

Futures closed steady, 10-15 lower. Open High Low Close Dec. 11.77 11.78 11.65 11.65-66 Jan. 11.72 11.72 11.60 11.60-61 March 11.69 11.71 11.59 11.60-61 May 11.69 11.69 11.55 11.55-56 July 11.63 11.63 11.50 11.51-52 Oct. 11.27 11.27 11.20 11.20-22 Spot quiet; middling 12.10.

New Orleans, Nov. 23. (P)—Prices were irregular today at the opening of the cotton market here.

Dec. and May were 2 to 4 points lower while March and Oct. were firm in quiet dealings.

First notice day for Dec. tomorrow induced some liquidation in that position. Dec. opened at 11.76 and then dipped to 11.73.

March opened at 11.69, May at 11.65 and Oct. at 11.26.

Liverpool reported Bombay buying in distant months, but selling of near positions gave prices a jagged appearance in the English market.

Anxiety over the European situation also depressed prices in Liverpool.

There was little hedging at New Orleans and aside from the liquidation in Dec. the market had few contracts to absorb.

Commission houses continued bullish. Out of eight market letters of this morning seven favored the buying side.

Liverpool, Nov. 23. (P)—Cotton, 1-100 bales, all American. Spot in limited demand; prices three points higher; quotations in pence: American, strict good middling 7.58; good middling 7.28; strict middling 6.98; middling 6.78; strict low middling 6.53; low middling 6.08; strict good ordinary 6.78; good ordinary 5.45.

Futures closed steady, December 6.53; January 6.52; March 6.52; May 6.50; July 6.47; October 6.23.

PRODUCE

Chicago, Nov. 23. (P)—Butter, 7.26; steady; creamery—specials (99 score) 33 1/4-34; extras (92) 33; extra firsts (90-91) 32-32 1/2; firsts (88-89) 30 1/2-31 1/2; standards (90 centralized cartons) 32 1/2.

Eggs, 2.24; unsettled; extra firsts cars and local 35; fresh graded firsts cars and local 33 1/2; current receipts 32 1/2; refrigerator standards 29 1/2, refrigerator extras 29 1/2.

Poultry, live, 3 cars, 33 trucks; steady; hens 4 1/2 lbs. up 18 1/2; leg-horn hens 11; springs, 4 lb. up, Plymouth and White Rock springs 16, Plymouth and White Rock broilers 17, Leghorn chickens 11 1/2; roosters 13; Leghorn roosters 12; turkeys, hens 18, young toms 16, old 14; No. 2 turkeys 13; ducks, white 4 1/2 lbs. up 16, small white 14, geese 14.

Dressed turkeys easy; young hens 21 1/2, old 18, young toms more than 16 lbs., and 16 lbs. and less 21 1/2, old 18; No. 2 turkeys 15.

POTATOES

Chicago, Nov. 23. (P)—(U. S. Dept. Agr.)—Potatoes, 127; on track 303; total U. S. shipments Saturday 595, Sunday 32; western stock steady, demand slow, northern stock firm, demand slow, supplies moderate; sacked per cwt. Idaho russet Burbanks U. S. No. 1, 2.45-2.72 1/2; No. 2, 2.05; practically free from cuts and clipped ends 2.35; Washington russet Burbanks U. S. No. 1, baker size, 2.90; Colorado red McClure U. S. No. 1, 2.40-55.

LOCAL BRIEFS

R. H. Coffee has returned from a business trip to Austin.

Miss Minnie King is in Dallas attending the Texas Centennial Exposition.

Mrs. W. M. Dickey has gone to Dallas, where she will visit a daughter, Mrs. Grady McMichael. She will also attend the Texas Centennial Exposition.

Mrs. H. D. Simmons of the Rayland community is seriously ill at her home.

Mrs. Turner B. Bryan is visiting friends and relatives in Fort Worth and Dallas.

Mr. and Mrs. Bill Rogers and little daughter, Kay Frances, of Greenville spent the week-end with relatives here.

Mrs. J. A. Nabers, Miss Mae Belle Nabers and Miss Helen Vaughn have returned from a week-end visit with relatives and friends at Childress.

Mrs. W. O. Moon of Slaton arrived here Sunday for a visit of a few weeks in the home of her daughter, Mrs. L. A. Wilson.

Mrs. W. J. Westbrook of Sipe Springs is visiting in the home of Mr. and Mrs. E. A. Vernon. Mrs. Westbrook is Mrs. Vernon's mother.

Mr. and Mrs. Aubrey Foster of Stamford spent the week-end here visiting in the home of Mr. and Mrs. D. O. Fulton. Mrs. Foster and Mrs. Fulton are sisters.

Going Forward

WITH OUR FARMER FRIENDS

The farm situation in America is undergoing a mighty change. Our farms produce more food than our people can eat and other nations are buying less of us.

Finding new industrial uses for our farm products is one answer to the problem. Controlled production, diversification, and soil conservation, give other answers. A new future is in the making for the farmer.

This bank is taking an active interest in agricultural progress. We are working in every possible way to promote greater prosperity for the farmers of this section. Let us cooperate with you.

HIGH SCHOOL FINALS NEAR

31 SCHOOLBOY ELEVENS REMAIN IN RACE FOR STATE TITLE

(By Harold V. Ratliff)

Dallas, Tex., Nov. 23. (P)—Thirty-one teams remained in the race for the Texas Interscholastic League football championship Monday but almost half of them clung only to a mathematical chance, their hopes resting on possible upsets of district leaders.

Traditional Thanksgiving Day games will tell the story in most instances but scattering district ties appeared likely.

And as the final week dawned for all but 16 teams only four remained unbeaten and untied — Amarillo, North Side (Fort Worth), Hillsboro and Tivy High of Kerrville.

Dallas Tech fell from the select list last week when Sunset of Dallas sprang a surprise to battle the Wolves to a 6-6 tie.

Here is the state picture as the leaders prepare for Thanksgiving Day games:

District 1—Amarillo, undefeated, plays Pampa. Can be tied for championship through loss.

District 2—Childress, leading by a game, plays Quanah. Wichita Falls, in second place, meets Vernon. Wichita Falls can tie Childress for title if latter loses and Wichita Falls wins.

District 3—San Angelo, undefeated, meets second-place Abilene which can tie for championship through victory.

District 4—Austin (El Paso) and

Percentage of .666 Made on Predictions

A percentage of .666 was scored in The Record's predictions on the outcome of football games last week. The percentage for the season is .688. Actual results, with predictions in parenthesis, follow:

Childress 6, Olney 0 (13-7); Graham 19, Electra 7 (0-0); Burk-burnett 33, Seymour 7 (19-0); Crowell 20, Archer City 12 (13-0); Throckmorton 25, Iowa Park 0 (12-0); Altus College 21, Hardin-Simmons Freshmen 6 (27-7); T. C. U. 13, Rice 0 (14-7); Baylor 13, S. M. U. 7 (13-14); Centenary 3, A. & M. 0 (7-20).

El Paso High, both undefeated, meet for title.

District 5—Gainesville, undefeated, plays Sherman. Can be tied for championship through loss.

District 6—McKinney already champion.

District 7—North Side (Fort Worth), undefeated, plays Paschal (Fort Worth). Can be tied for title through loss.

District 8—Dallas Tech plays North Dallas. Can win championship with victory or tie.

District 9—Longview and Glade-water, undefeated, meet for title.

District 10—Lufkin, undefeated, plays Athens. Can be tied for championship through loss.

District 11—Hillsboro, undefeated, plays Cleburne. Can be tied for championship through defeat.

District 12—Kerrville already champion.

District 13—John Reagan plays San Jacinto. Must win to tie Jeff Davis for Houston championship.

District 14—Port Arthur already champion.

District 15—Corpus Christi and Robstown, both undefeated, play for championship.

District 16—Edinburg already champion.

NEW SCORING ACE TURNS UP AT OHIO COLLEGE

New York, Nov. 23. (P)—A new football scoring champion appeared Monday, rising from the ranks of the "unknowns" to take the lead in the National point getting race.

Norman Schoen, 170-pound half-back from Baldwin-Wallace College in Ohio, tallied 31 points in a 67-0 victory over the University of Louisville Saturday, bringing his season's total for eight games to 117 points.

SHUTE TAKES GOLF TITLE

CHAMPION HAS LONG LIST OF MONEY VICTORIES IN EIGHT YEARS

Pinehurst, N. C., Nov. 23. (P)—Densmore (Denny) Shute, 32, who failed five times to win the American Amateur title, but has collected \$30,000 in eight years, Monday wore the professional golfers' championship crown. His money total included the tournament's \$1,000 top prize.

He whipped Jimmy Thomson, from Shawnee-On-Deleware, Pa., 3 and 2 in the final Sunday hole.

And he beat Jimmy for the clincher on a hole made to order for the big bomber, the long, 473 yard par five 34th.

He had Jimmy two down and the blaster left an opening by pushing his drive into the woods. Denny spanked a spoon shot smack to the green, four feet from the pin.

That was the last shot he had to hit for Jimmy sliced out into a trap and, after missing his putt for a four, conceded Denny an eagle, the hole and the match.

Shute got the jump on Thomson on the first hole and never let up.

Shute's only other major title—the British Open in 1933—was won in a play-off with Craig Wood. His best in the National Open was seven years ago when he finished two shots behind Bobby Jones and Al Espinosa. He was runnerup to Tom Creavy in the P. G. A. five years ago. He succeeded Johnny Revolta as P. G. A. champ.

BRADDOCK RETURNS TO NEW YORK FROM SOUTH

New York, Nov. 23. (P)—Heavy-weight Champion Jimmy Braddock came back to New York Monday after a six weeks stay in the South and said he would go into training Tuesday for the proposed non-decision fight with Joe Louis at Atlantic City Feb. 22.

Braddock's manager, Joe Gould, said Braddock was "just two weeks away from perfect fighting shape."

Gould also said he planned to go before the New York State Boxing Commission Tuesday and post the \$5,000 demanded by the Commission as security that Braddock will meet Schmeling for the title in June.

Eight Football Teams Remain in Unbeaten Ranks

New York, Nov. 23. (P)—The continued slaughter of the top-ranking football teams, including such apparently unbeatable powers as Northwestern and Marquette, left just eight teams Monday in the ranks of the undefeated and untied colleges.

Northwestern, Marquette, Santa Barbara state of California, Shippenburg, (Pa) Teachers and St. Anselm were stopped for the first time Saturday.

The survivors include one "big league" outfit, Santa Clara; Western Reserve, which ranks as a "big" small college, and a quintet of small schools, headed by Tennessee Wesleyan.

Records of the unbeaten and untied teams follow:

Team	W. Pts. Op.
(x) Tennessee Wesleyan	10 261 26
Western Reserve	9 212 25
(x) St. Benedict (aks.)	8 201 50
(x) Middlebury	8 107 21
Arkansas State	
Teachers	7 214 34
(x) Carroll (Wis.)	7 167 13
Santa Clara	7 119 13
(x) Kirtlandville (Mo)	
Teachers	7 79 29
(x) Completed schedule.	

OLDSMOBILE SHOWS TWO NEW MODELS FOR 1937

Two entirely new Oldsmobiles for 1937, each distinctively different and original in body styling, and offering many important advancements in mechanical design, are being given their first public showing by Oldsmobile dealers throughout the country.

Announcement of the new cars—the Oldsmobile Six and the Oldsmobile Eight—culminate the busiest development period in the four decades of Oldsmobile progress.

The cars are longer, lower, roomier and more comfortable than those which made Oldsmobile sales history in 1936. The motors provide greater reserves of power with lower engine speeds, with corresponding improvements in both performance and operating economy. The Six now develops 95 horsepower, against 90 horsepower in the 1936 model; while the Eight develops 110 horsepower, an increase of 10 horsepower over the previous Eight. Wheelbase of the Six and Eight have been increased respectively to 117 inches and 124 inches.

The two cars are entirely different in appearance, each having a character and individuality of its own.

In the Six is found an entirely new interpretation of radiator grille design. The new treatment employs eight die-cast horizontal grille louvers, deeply recessed and plated in chrome. Hood louvers are of a triple horizontal bar design which harmonizes with the radiator grille. Headlamps are gracefully streamlined.

Each definite individuality has been designed into the front end of the Oldsmobile Eight. On this series, the engineers have employed a die-cast grille of square mesh design, plated in chrome and outlined by a chrome trim moulding.

SCIENCE ACADEMY ADOPTS PROJECT FOR GULF STUDY

Austin, Nov. 23. (P)—Dr. J. E. Lund, chairman of the biological section of the Texas Academy of Science, estimates the Gulf of Mexico if properly developed, is capable of producing from \$5,000,000 to \$10,000,000 annually of oysters, shrimp and fish.

With this probability in view the academy has adopted as one of its major projects the development of an intelligent and adequate program for scientific and economic research in the Texas gulf.

The variance of the oceanography of the Gulf is so great that the cooperation of all agencies, such as the academy, the State Game, Fish and Oyster Commission, the United States Bureau of Fisheries, and other similar bureaus and organizations will be necessary to overcome the obstacles in the way of such development, he says.

Dr. Lund and others hope a marine biological laboratory can be established on the Texas coast that will afford research facilities and at the same time permit the teaching of various aspects of oceanography and marine biology.

"The academy represents in a fair and balanced manner the various institutions in the State which afford facilities and men for scientific research, and is a logical sponsor of such an undertaking," he says.

"To this end the academy appointed a committee on marine biology which is attempting to promote in a practical way this project."

Bright Spot.

Montesano, Wash., Nov. 23. (P)—A year ago Dr. James H. Benedict of Hougum complained against a man who had sold him virtually worthless stocks for \$968. Prosecutor Paul O. Anley filed a grand larceny charge, but now he has asked for dismissal of it. The stocks have risen in value, giving Dr. Benedict a \$700 profit.

Card of Thanks

It is through this means that we wish to express our sincerest gratitude for the loyal sympathy and consolation that was shown us in our trying hour of sadness that we experienced at the loss of our loved one.

BARRY POLO TEAM LOSES TO MILITARY INSTITUTE

Playing their first polo game in more than a year as members of the same team, the Barry family club was defeated, 6 to 2, at Roswell Sunday by the riders of the New Mexico Military Institute.

Members of the Barry team were Claude H. Barry and son, Dwight, a student at N. M. I., Bill Barry of the Miami Valley Polo Club of Ohio, and Harold Barry of Shreveport, La. Bill and Harold Barry are brothers of Claude H. Barry. Another brother, Roy Barry, of Oklahoma City, was unable to play because of a recent operation.

FOOTBALL STARS

(By The Associated Press)

Roy Brumbaugh, Duquesne—scored one touchdown; threw pass for another and kicked extra point in 13-0 upset of Marquette.

Bob Wilke, Notre Dame—scored twice on runs of 30 and 34 yards against Northwestern and paved way for third tally with quick kick.

Lloyd Russell, Baylor—scored both touchdowns in 13-7 victory over Southern Methodist, running 35 and 19 yards on pass plays.

Larry Kelley and Clint Frank, Yale—combined to lead Elis on offense and defense in 14-13 triumph over Harvard. Frank tossed 42-yard pass to Kelley for first touchdown.

Otis Maffett, Georgia—made fine catch of pass for touchdown and stopped Fordham threat in third quarter by tackling Ram runner so hard he fumbled as teams tied.

Vern Huffman, Indiana—ran back Purdue's first kickoff 85 yards to ten, later tossed three scoring passes to gain 20-20 tie.

ARMY COACH TALKS WOES AS NAVY GAME NEARS

West Point, N. Y., Nov. 23. (P)—Coach Gar Davidson said Monday he was "disappointed" in the showing of his Army team and "not very hopeful about the outcome of the Navy game Saturday."

Despite Army's 51-7 victory over Hobart Saturday, Davidson refused to be impressed by published comments that his team had returned to form.

"We have been going down hill ever since the Harvard game," he said, "and I have not been able to bring them back."

Davidson blamed the wave of influenza which struck the team in mid-season for part of the slump, but said he saw no reason why the players should not be back in top form now.

GREEN BAY PACKERS HAVE PASSING ACE IN TOP FORM

Chicago, Nov. 23. (P)—Arnold "Flash" Herber, Green Bay Packers' star passer, wasn't an All-American in his college days but he's playing All-American football now.

Herber, who joined the Packers six years ago without fanfare after attending St. Regis College at Denver, has been the passing ace of the Packers' steady drive toward a shot at the National Professional League title. The Packers took the Giants into camp, 26 to 14, at New York Sunday. Herber's deadly arm played a big part in the victory. It was the ninth in 10 starts this fall for the Green Bay eleven.

MARITIME BOARD STUDIES PLAN FOR CITRUS TRAFFIC

Washington, Nov. 23. (P)—Maritime Commission officials said here a decision on proposals to open a new steamship line from the Rio Grande Valley of Texas to North Atlantic ports for citrus transportation probably would not be made for several weeks.

Examiner R. H. Hellett, who heard testimony last week from two companies planning to inaugurate such service, said he hoped to make a report to the Commission in less than two weeks. F. G. Freiser, the Commission's traffic chief, probably will make definite recommendations. The full Commission then will review the case.

JUNE ROBLES KIDNAPING CASE GOES BEFORE JURY

Tucson, Ariz., Nov. 23. (P)—The mystifying June Robles kidnaping case will be presented to the Federal grand jury convening here Dec. 7, with Bernabe Robles, wealthy Spanish land grant baron and grandfather of the child, summoned as one of the principal witnesses.

Likewise little June, Fernando Robles, her father, and Carlos Robles, her uncle, the latter a deputy Pima County attorney at the time of her disappearance April 25, 1934, will be called.

John P. Dougherty, Assistant United States District Attorney, announced the government would submit the results of a two and a half year investigation to the jurors.

Road Job Goes Ahead

Hereford, Nov. 23. (P)—A new Hereford-Dimmitt highway is being built through cooperative efforts of commissioners in Castro and Deaf Smith counties. Deaf Smith County commissioners ordered grading started on the Hereford end after Castro County commissioners notified them the south half was nearly finished.

Constipated 30 Years

"For thirty years I had stubborn constipation. Sometimes I did not go for four or five days. I also had awful gas bloating, headaches and pains in the back. Adierika helped right away. Now, I eat sausage, banana, pie, anything I want and never feel better. I sleep soundly all night and enjoy life."—Mrs. Mabel Schott. Give your bowels a REAL cleansing with Adierika. Get rid of GAS. LIONS SET TO LEAVE CELLAR

VERNON, COYOTES DIVIDE HONORS IN LAST 18 CONTESTS

Cellar occupants for the first time since the district was organized, the Vernon High School Lions are determined to climb from the present position and make an otherwise bad season have a pleasant ending through a victory over the Wichita Falls Coyotes here the afternoon of Thanksgiving Day. Next to winning the district title, a victory over the Coyotes is most cherished by the Lions and their supporters.

The traditional rivals have divided honors in the 18 games played since 1920, each with eight victories. Two battles in 1921 resulted in scoreless ties. During this period the Lions have rolled up 194 points to 163 for the Coyotes.

Scores in the last 18 games, with the Vernon score shown first, follow: 1920, 6-0; 1921, 6-0; 1922, 6-3; 1923, 6-13; 1924, 20-0; 1925, 25-0; 1926, 13-14; 1927, 6-8; 1928, 12-7; 1929, 0-14; 1930, 6-0; 1931, 25-0; 1932, 20-0; 1933, 7-29; 1934, 18-7; 1935, 13-19.

Since the district was reorganized in 1931, the Lions have never finished lower than third place. In that year they were undefeated in the conference race, but in a scoreless tie with the Quanah Indians, the decision went to Quanah on 20-yard penetrations. In 1932 Vernon won the championship and was eliminated in the bi-district round by Sherman. Finishing in third place in 1933, the Lions tied for the title in 1934 with Highland Park. Vernon was runner-up to Wichita Falls' champion Coyotes last season.

Vernon's only chance to escape the cellar position this year is to win over the Coyotes Thursday. If Vernon wins the battle, the loser of the Electra-Olney game would take the bottom position. A three-way tie for last place would result if Vernon beat the Coyotes and the Cubs and Tigers battled to a tie at Electra.

INDUSTRIAL ACTIVITY REACHES LEVEL OF 1929

New York, Nov. 21. (AP)—Industrial activity has climbed back to the 1929 level, moving out of the 1930 range in the latest week.

The Associated Press index rose to 85.0, from 77.0 a week ago, and 82.4 in the same period last year. Gains were general, only cotton manufacturing activities dipped from the previous rate. Freight carloadings advanced seasonally, pushing the index to a new top for the year.

Production of 1937 model automobiles stepped ahead smartly. Steel mill operations inched higher and electric power output nudged up to within a fraction of its recent historic peak.

LOCKETT HERD RETAINS LEAD

FIVE-IN-ONE IN SECOND PLACE FOR SEASON IN BASKETBALL LEAGUE

Final standings in basketball competition in the Western Division of the Red River-Wichita Valley League saw the South Lockett Longhorns in undisputed possession of first place with a perfect record of six victories in as many games. The South Lockett club retained its perfect record as a result of a win over the previously undefeated Five-in-One team last week.

Five-in-One's loss left her in second place with a record marred by only one defeat in six games. Odell took third place in the league's standings as a result of a 35 to 32 victory last week over Northside. The win gave Odell a record of four victories in six games while Northside ended the season in sixth place with only one win in six contests.

Oklahoma ended the season in fourth place with three wins and three losses to her credit as a result of a victory last week over Thalia. The loss held Thalia in last place with six losses in as many games.

Team	G.	W.	L.	Pct.
South Lockett	6	6	0	1.000

Odell 35, Northside 32.
Oklahoma beat Thalia.

83-YEAR-OLD SADDLE GIRTH MAKER RETIRES

Sonora, Texas, Nov. 23. (AP)—One of the few manufacturing concerns in Sutton County soon will cease production, Mrs. W. G. Logan, 83, who made saddle girths of twisted mohair for 38 years, says she is giving up the work because "the old right arm isn't what it used to be."

Thirty-six feet of twisted mohair "twine," about one-fourth of an inch in diameter, is needed for a saddle girth, Mrs. Logan says. It requires three hours to make one, and four or five a day is considered a "good production record." Mrs. Logan uses a spinning wheel bought 15 years ago at Junction. She says she began the work when a girl to "make some extra money."

Mrs. Logan's girths are known by ranchmen in many parts of West Texas and New Mexico. "They are sold mostly in stores," she says. "In the time I've been making them, mohair has cost 15 cents a pound and as high as 75. The first girths I made retailed for \$5 and \$6 a dozen, but now those with black rings are \$12.50 and those with brass rings \$18.50 a dozen."

OFFICERS AT TEXAS ARMY POSTS ARE TRANSFERRED

Washington, Nov. 23. (AP)—The War Department has announced that five majors and three captains at Texas Army posts have been ordered to Fort Leavenworth, Kan., for next year's command and general staff school.

In addition, 14 native Texans—8 majors and six captains—stationed at other posts also have drawn the school assignment.

The list includes: Infantry: Major William C. Deware, Jefferson, stationed at Fort Sill; Major L. Pierce, Brownsville, San Antonio.

T. C. U. MOVES INTO TIE IN LOOP WITH PORKERS

The Texas Christian Horned Frogs moved into a tie with the Razorbacks of Arkansas Saturday for the lead in the Southwest Conference as Sam Baugh completed six out of 23 passes for a net gain of 153 yards and led his teammates to a 13 to 0 victory over the Rice Owls. The loss eliminated the Owls from the race for Southwest Conference honors.

The Frogs have yet to meet Southern Methodist University and Arkansas is faced with the Texas University Longhorns in conference games. Victories for the Frogs and the Razorbacks in their final games would leave them in a tie for the conference crown with five wins and one loss for each in conference competition. If Texas and Southern Methodist should win and Texas A. & M. College should defeat Texas in its only remaining conference game, the Farmers would stand alone at the head of the conference.

In the only other Southwest Conference game Saturday, an inspired Baylor University team, led by the brilliant Lloyd Russell, preserved the tradition that a Baylor team has never lost to Southern Methodist on its home field, by defeating the Mustangs, 13 to 7, at Waco.

Baylor will meet Rice Institute Nov. 28 in a game which will have no bearing on the conference title while on the same date the Methodists meet T. C. U. and on Dec. 5 tangle with the Rice Owls.

The only other Southwest Conference team to see action Saturday was the Texas A. & M. eleven which was defeated at Shreveport by the underdog Centenary Gentlemen, 3 to 0. A place kick by Lee Stokes early in the second quarter gave the Centenary eleven the winning margin.

The Aggies meet the Texas University Longhorns on Thanksgiving Day in what will be the final conference game of the season for the Farmers.

The University of Texas and Arkansas University were idle Saturday.

GAIN IN FARM TRADE WITH CANADA LISTED

Washington, Nov. 21. (AP)—Increases of agricultural trade between the United States and Canada were reported Saturday by the agriculture Department.

Value of farm products imported from Canada was placed at \$66,329,000 for the first nine months of 1936, a gain of \$22,183,000 over the same period in 1935.

Imports on which the United States reduced duties under a recip-

rocal trade act were valued at \$13,749,000, a gain of \$7,019,000.

There was an increase of \$6,164,000 in the value of farm products sold by this country to Canada, of which \$1,656,000 represented items on which Canada reduced duties.

Receipts Announced.
Levelland, Nov. 23. (AP)—Post office receipts of \$34,070.88 in October were the largest recorded here.

Sea lions in the London zoo are fed 40 pounds of fish daily.

Books Presented.

Roswell, N. M., Nov. 23. (AP)—Mrs. John W. Poe, widow of a famous Eastern New Mexico peace officer, presented a collection of 763 miscellaneous volumes to the library of the New Mexico Military Institute recently. The gift included several prized first editions.

Irrigation experts in South Africa are debating whether creation of a chain of large lakes will increase rainfall.

FOUR NEGROES DIE WHEN TRUCK STRIKES BRIDGE

Carthage, Texas, Nov. 21. (AP)—Four unidentified Negroes were killed early Saturday when a truck loaded with 40 Negroes crashed into the Sabine River bridge on the Shreveport highway nine miles east of Carthage.

The truck, with a trailer attached, was bringing the Negroes back from cotton picking in Mississippi.

OPERATORS OF TRUCKS WORRY

RULING OF TEXAS COURT PLACES EMERGENCY BEFORE TRUCKERS

Austin, Nov. 23.—A serious emergency confronts the manufacturers and merchants of Texas who use their own trucks over the highways of the State to deliver their own merchandise according to J. P. Gibbs, President of the Manufacturers and Merchants Transportation Association.

Mr. Gibbs, vice president and general manager of the Seguin Milling and Power Company, and one of the leading business men of South Texas, said in commenting upon the situation:

"It looks like any manufacturer and merchant in Texas who uses his own trucks to deliver his own merchandise over the highways of Texas as an incident to his business is in a serious situation."

"Some of these concerns have been making a slight delivery charge, which of course resulted in a price variation between towns. The Supreme Court of Texas, in the New Way Lumber Company Case, decided that such a practice was hauling for compensation or hire and necessitated the obtaining of a Contract Carrier's Permit."

"A great many firms do not make a delivery charge or have a price variation between towns, but simply add the cost of the tires, gasoline, oil, driver's wages, etc., into their general selling price. The Court of Civil Appeals at Galveston in the Day Lumber and Timber Company case ruled that this was also hauling for compensation or hire and that these concerns must obtain permits from the Railroad Commission."

"This would mean, if a concern could get a permit, that they would be subjected to all the regulations applicable to carrier's-for-hire and would have to charge their customers the same as the L. & L. railroad freight rate. However, practically no one will ever get a permit because there is a further provision in the law that prohibits the Railroad Commission from issuing a Contract Carrier Permit, if, to do so, would impair the operation of a Public Carrier."

"All of this simply means that hundreds of Texas businesses, particularly in the small towns will be forced out of business because they can not pay the high L. & L. freight rate and meet competition."

Test flying is so hazardous that there are only five men in the United States willing to do it.

Dr. Borchardt Is Principal Speaker At Fargo Meeting

An interesting lecture on "Tuberculosis" was given by Dr. A. L. Borchardt at a meeting of the Fargo Home Demonstration Club Friday at the home of Mrs. Wylie Sweatmon. Mrs. H. H. Scherer was hostess for the meeting.

Dr. Borchardt outlined precautions to prevent spread of the disease when it has been detected, and advised examination when the first symptoms of the disease are noted. Following Dr. Borchardt's talk, plans were made for a Thanksgiving dinner to be served at the Yamparka Club House Wednesday evening at 7 o'clock. The club's annual Christmas party will be given at the home of Mrs. M. C. Neal, Dec. 4. Each member will bring a hand-made gift to be placed on the tree. Plans were also made for the council's Christmas party, of which the Fargo club will be in charge.

Refreshments were served to thirteen visitors, Dr. A. L. Borchardt, and Mesdames F. M. Ashley, B. T. Clegg, Ed Sanders, J. C. Burton, E. W. Cabel, L. H. Wall, E. G. Adkins, B. C. Ketchersid, J. L. Goble, J. T. Dunson, S. B. Dunson, W. T. Rowland, and the following club members: Mesdames Bob Suttle, Walter Pettit, H. M. Lacey, J. A. Hunt, R. V. Manis, Roy Cabel, J. S. Rowland, J. N. Fulcher, M. C. Neal, Russell Cabel, George H. Beavers, H. E. Key, Sr., Byron Phillips, Edward Hunt, Sherman Sweatmon, J. S. Mason, W. H. Sweatmon, Miss Tommy Rowland, and the hostess, Mrs. H. H. Scherer.

Northside P.T. A. Is Attended by 75 Parents

Approximately 75 parents were present at a recent meeting of the Northside Parent-Teacher Association at the Northside School. The organization has been organized for two months.

Posters on health were displayed by eight primary pupils under the direction of Miss Mittie Colley, and pupils from Miss Arline Rice's room sang "Tumble Tumbleweed" and "Be Thankful." A Thanksgiving song, accompanied at the piano by Mrs. D. L. Lovelace. Another number on the program was a playlet, "The Spirit of Thanksgiving," by students from Mrs. Keefe Rowland's home room.

The attendance banner was awarded for the second consecutive time to Miss Lorna Woodard's room. Announcement was made that the December meeting of the unit will be of the third Thursday, Dec. 17, rather than on the fourth, because of the Christmas holidays.

FIVE-IN-ONE UNIT NAMES DELEGATES TO P.T. COUNCIL

Delegates to the Wilbarger County Council of Parent-Teacher Associations were elected at a meeting of the Five-in-One unit Friday afternoon at the school. The delegates are Mesdames Ira V. Younger, J. M. Boswell, and A. T. Beasley.

Mrs. Ed Lehman, president, was in charge of the business session at which the association voted to meet on the first Tuesday of each month at 3:45 o'clock. Mrs. Lehman also gave a report of the annual convention of the Texas Congress of Parents and Teachers.

Announcement was made that the organization will sponsor a program at the school on Dec. 11, and the proceeds will be used to buy uniforms for band members. Those present at the meeting were Miss Alice Scott, and Mesdames R. Hofmann, Jr., Ed Lehman, J. W. Cook, C. D. Haney, A. Hardage, A. T. Beasley, Bill Arp, Blanche Tele, Oms E. Fuston, Ira V. Younger, J. M. Boswell, F. P. Lawson, and Albert Jones.

Elliott P.T. A. Enjoys Thanksgiving Program

An interesting Thanksgiving talk was given last week at a meeting of the Elliott Parent-Teacher Association at the school. Rev. Marvin Brotherton, Methodist pastor of the Vernon circuit, was guest speaker for the occasion.

Other features on the program were a playlet, "The Thanksgiving Table," by members of the fifth grade; a talk, "The History of Thanksgiving," by Leva Lemon; and a Thanksgiving story by Evelyn Lemon.

During the business session, Mrs. R. L. Ferguson was elected secretary-treasurer of the association.

Miss Ima M. Moore and C. M. McKinney Marry

Miss Ima M. Moore and Charles M. McKinney, both of Vernon, were married in Frederick, Okla., Saturday night by a Justice of the Peace of that city. The couple was unattended.

Mrs. McKinney is a daughter of Mr. and Mrs. George Moore of Thalia and has been employed here as an operator for the Southwestern Bell telephone company. Mr. McKinney is a partman for the City Auto Supply Company. They will make their home in Vernon.

BOARD IS ASKED TO SET ASIDE TAX LEVIES

Washington, Nov. 23. (AP)—The West Texas Cotton Oil Company, Abilene, Texas, asked the Board of Tax Appeals Monday to set aside tax levies of more than \$27,000.

The Commissioner of Internal Revenue held the company was liable as transferee of assets of five cotton oil companies in 1933.

The petitions asked the Board to set aside \$6,014 assessment as transferee of the Lockney Cotton Oil Co., Lockney; \$7,002 as transferee of the Plainview Cotton Oil Co., Plainview; \$2,781 as transferee of the Winters Cotton Oil Co., Winters; \$2,738 as transferee of the Seymour Cotton Oil Co., Seymour; and \$9,000 as transferee of the Slaton Cotton Oil Co., Slaton.

'North to Orient' Is Reviewed for Midway Members

"North to the Orient" was reviewed by Mrs. A. K. Thorn at a meeting of the Midway Home Demonstration Club Thursday afternoon at the home of Mrs. Paul Johnson. Mrs. Thorn gave an interesting review of the best seller, which was written by Anne Morrow Lindbergh.

Miss Doris Leggett, County Home Demonstration Agent, was present for the meeting and gave a demonstration of kitchen finishes. She discussed goals and objectives in kitchen work for the club cooperators and for the demonstrator, Mrs. Johnson.

The club made plans for their Christmas party which will be given at the home of Mrs. M. F. Boone. They also voted to change the name of the organization to the Tolbert and Midway Home Demonstration Club.

Refreshments were served to Mrs. A. K. Thorn and Mrs. W. B. Cox of Rock Crossing, and Mesdames J. E. Hamblen, B. F. Johnson, H. A. Blevins, I. L. Morris, T. L. Dunlap, Roy Morris, W. C. Lawson, F. A. Flynn, M. F. Boone, J. E. Flynn, Misses Doris Leggett, Bonnie Leath, Mary Frances Boone, and the hostess, Mrs. Johnson.

Social Calendar

Tuesday
A dinner meeting of the Business and Professional Women's Club will be held Tuesday evening at 6 o'clock at the Faith Cafe. Mrs. S. G. Little will have charge of the program.

Dr. T. A. King will speak on "Tuberculosis" at a meeting of the Fanning Parent-Teacher Association Tuesday afternoon at 3:30 o'clock at the school. A report will be given of the annual convention of the Texas Congress of Parents and Teachers.

A joint meeting of the American Legion and the Legion Auxiliary will be held at the hall on Deaf Smith Street Tuesday night at 7:30 o'clock. A business session is scheduled for the evening.

Dr. R. C. Stokes and Mrs. Ruby Ripperton, R. N., County Health Nurses, will be guest speakers at a meeting of the Hickman Parent-Teacher Association Tuesday afternoon at 3:30 o'clock. A questionnaire on "Tuberculosis" will be distributed for examinations, and Mrs. H. D. Shive, president, will give a report of the Texas Congress of Parents and Teachers.

Wednesday

Regular practice for the chorus composed of members of the Musicians' Club and the Mozart Club will be held at the First Methodist Church Wednesday morning at 9:30 o'clock.

Thursday
Louie Burns and his orchestra will furnish music for the annual Thanksgiving dance at Hill Crest Country Club Thursday night. The dance will begin at 9 o'clock, and it will be an open house affair.

A Thanksgiving dinner for members of the American Legion Auxiliary and their families will be given at the Legion hall at noon Thursday. Reservations may be made with Mrs. J. O. Burk, phone 544, and Mrs. J. K. Freese, phone 1206.

Friday

Mrs. Henry Lowke will be in charge of the program at a meeting of the Child Training Circle Friday afternoon at 3:30 o'clock at the home of Mrs. W. V. Cooper, 2230 Wood Street.

MRS. R. M. HAMPTON NAMED TO DISTRICT P.T. OFFICE

Mrs. R. M. Hampton, chairman of the City Council of Parent-Teacher Associations, has been made chairman of publications for the thirteenth district of the Texas Congress of Parents and Teachers, according to word received from Mrs. M. A. Taylor of Bonham, State president, who made the appointment.

The office was created at a recent meeting of the Congress in Fort Worth, and Mrs. Hampton's appointment was confirmed at a board meeting subsequent to the convention.

TWO NEW MEMBERS ADDED TO MIDWAY HEALTH CLUB

Two new members were received by the Midway Health Club last week at the school. Six other members were present for the meeting. Mrs. Ruby Ripperton, R. N., County Health Nurse, spoke to the club on "The Care of Infants," and announcement was made that the club will meet again Tuesday, Nov. 24, at 3 o'clock.

Attend Funeral Services

Mrs. J. E. Truelove, Dan Morris Truelove, Miss Louise Truelove, Miss Geraldine Alvey, and Mrs. Melvin Mitchell and son attended funeral services Saturday in Wichita Falls for Miss Elsie Garrett, a niece of E. B. and J. V. Owen of Vernon. Mr. and Mrs. Truelove had been friends of the Garretts over a period of years.

HOSPITAL BRIEFS

Mrs. Annie Schwede was admitted for medical treatment Sunday. Born Saturday to Mr. and Mrs. R. W. Welch, a boy.

Mrs. J. L. Thomas was admitted for medical treatment Sunday.

Adella Koenig, daughter of Mr. and Mrs. Otto Koenig, underwent a tonsil operation Monday morning at a Vernon hospital.

Mr. and Mrs. Edgar McNutt announced the birth Monday morning of a son. The infant was named William Milton.

HERE, THERE AND YONDER

Host at Barbecue.

Enice Wilson of Vernon was host Sunday at a barbecue at his ranch south of Vernon for employees of the Coca-Cola Bottling Company and tenants and employees on his ranch property.

Extra Illumination for Sign.

Extra attention was attracted late Saturday night to the large Robert L. More Garage sign in the 1900 block on Wilbarger Street. A short in electric wiring caused the wooden frame of the sign to catch on fire. The blaze was extinguished with chemicals of the Vernon Fire Department. The sign is about 20 feet above the ground.

B. A. Winter Recovers.

Improvement is reported in the condition of B. A. Winter who has been in a hospital at San Antonio for the past week as a result of blood poisoning. Charles Winter left here Sunday to return to Vernon with his father.

Santa's Helpers Need Help.

Although favorable response has resulted in the appeal of the Business & Professional Women's Club for discarded toys, volunteer firemen have repaired and repainted most of the toys received. The toys ready for another supply. The toys are to be used in the B. & P. W. project to bring Christmas cheer to needy children. Early action in delivering toys to the fire station is urged so that they may be put in condition before Christmas.

Temperature Drops.

Memories of last Spring were recalled Monday morning as clouds of this section took on a sandy tinge. There was little dust near the ground. A stiff norther which struck here early Monday morning was accompanied by a sharp drop in temperature. Maximum temperature here Sunday was 62 degrees. The minimum of 27 was the lowest in several days.

Changes in Address.

Changes in address as reported by the City Water Department during the past week were as follows: J. J. James, 934 Marshall to 1303 Mesquite; O. W. Garrett, 2304 Nabers to 1026 Paradise; A. D. Wimberly, 1305 Nabers to 2304 Nabers; J. H. Froediger, 1404 Gordon to 2413 Gordon.

Moving In.

New connections as listed during the past week by the City Water Department were as follows: E. A. Woolf, 1514 Eagle; F. I. Haddleston, 2310 Mansard; L. O. Tucker, 1219 Pearl; R. K. Taber, 1905 Nabers; E. S. Craig, 1819 London; B. W. Whitman, 2015 McKinney; J. L. Mayo, 2716 Lexington; J. V. Grigsby, 2214 Maiden.

Band Goes on Air.

The Vernon High School Band will be presented on the air over KKKO at Wichita Falls Wednesday evening at 7:30 o'clock in a 30-minute concert and pep rally. The program will be part of a pre-game pep rally for Wichita Falls and Vernon fans. Teams of the two high schools meet Thursday afternoon in Vernon. Miss Margaret Webb, band sweetheart, will present a two-minute talk, inviting Wichita Falls fans to attend the Vernon game.

BORGER FORFEITS PROTESTED GAME TO PLAINVIEW

Plainview, Nov. 23. (AP)—Forfeiture to Plainview of the game in which Borger defeated Plainview in the District 1 Interscholastic League football race was announced Monday by O. J. Lea, principal of Plainview High School.

Lea said Superintendent W. A. McIntosh of Borger had advised him of recognition of ineligibility of Loui Ramirez, ace Borger player about whom there had been conflicting documentary birth evidence from Mexico.

Only the Plainview-Borger game was affected by the ineligibility and the forfeit has no bearing on the District 1 championship race. Borger having finished its schedule without a victory and Plainview being eliminated early in the season.

"BLACK-DRAUGHT IS PURELY VEGETABLE"—What Does That Mean?

A great many things can cause constipation and there are many remedies to relieve it, but possibly none more popular than the "vegetable" laxative.

Among these, Black-Draught is outstanding. In its manufacture, leaves of a certain plant are used, and the roots of certain others. These are dried so they will keep without preservation . . . no other chemical change from the way they grew in "Mother Nature's medicine garden." By their being finely ground, the digestive system extracts the active medicine right where it is needed. Constipation is relieved.

Black-Draught is so economical that a 25-cent package averages upwards of 25 doses.

I am the holder of a Government Certificate on photography issued in 1922. This is your assurance of higher quality photographs for less money.

The Final Step.

An announcement comes out of Italy that courts have been abolished and judicial functions transferred to committees. These committees, of course, are the creatures of Mussolini. They are responsible to him and we may be sure failure to carry out his wishes will result in dismissal.

This is the last step in the destruction of even a semblance of freedom in Italy. With the courts abolished a citizen has only the doubtful privilege of appealing his case to the dictator. The committees thus become mere adjuncts of the dictatorship to relieve the dictator of annoying details.

It seems strange that enlightened people in the twentieth century would submit to an absolutist government, but the present plight of the Italian people is but the logical end once the sanctity of the law and the supremacy of individual rights are abandoned. In Italy, as is usually the case with dictatorships, the first steps were taken for the purpose of relieving economic distress. Unemployment and want were spread and the old regime seemed incapable of dealing with the situation.

In their despair the people turned to Mussolini because he promised relief from their economic woes. He made good on his promise to improve their condition, but he charged a terrific price for the service. In this connection it is worth observing that the situation which made his dictatorship possible was not of Mussolini's creation. The reactionaries who had been exploiting the people refused, or at least failed, to take any effective means to improve general conditions.

The real authors of the Italian dictatorship are those who had power and refused to use it for the benefit of the masses. This is interesting because we have heard a lot of those talk about dictatorships in this country within recent years. If it ever comes in the United States it is more likely to come as a result of the inaction of an ultra-conservative government than from any other causes. Human suffering is fertile soil for planting the seeds of revolution and the best preventative of revolution is a fair degree of economic security.

The Main Menace.

A report by an insurance company covering 17,000,000 industrial policy holders reveals that automobile accidents cost the company almost three and a half times the number of lives as the four main diseases of childhood.

These four diseases, measles, scarlet fever, whooping cough, and diphtheria show a death rate of 5.5 per 100,000 as compared with 18.7 for traffic accidents. While science has gone forward in gradually bringing under control the diseases of childhood, very little is being accomplished to prevent automobile fatalities.

Some progress is noted by the company, however, as the death rate from traffic has been reduced to 18.7 per cent to date for 1936 as compared with 29 in 1935. Educational work is credited with aiding in this reduction.

Another effective method in meeting the challenge of sudden death on the highways is found in the State Highway Patrol program in Texas. This program provides for examination of vehicles at regional centers to reveal defects and mechanical hazards. Defective brakes are found

to head the list of hazards, with bad lights ranking a close second. The examinations have been conducted at several points in the State, but the work has covered only a small portion of the motoring population. The tests are not compulsory, while enforced tests should go far in elimination of hazards.

A report from New Jersey, where an annual motor vehicle inspection is conducted under State control, shows definite results. The State last year rejected 559 antiquated vehicles and sent them to the junk pile.

The mechanically dangerous car is responsible for hundreds of deaths and thousands of injuries annually. Elimination of this danger should be paramount in any safety campaign to reduce the mounting automobile accident toll.

New Jersey officials have found that the public attitude toward the inspection campaigns is favorable. Drivers were antagonistic at the start, but have learned to appreciate the value of inspections.

Campaigns which are badly organized and which are not compulsory are of little value. Drivers with defective machines do not have them inspected.

NYA WORKERS MAN SOIL CONSERVATION PROJECTS

Austin, Nov. 23. (AP)—Soil conservation projects manned by National Youth Administration workers are in operation in 26 Texas counties and have been approved for 23 additional counties.

Lynden B. Johnson, state director, reports 64 projects were approved by mid-November. The projects are developed in cooperation with the agricultural extension service of Texas A. & M. College. Through county agents, the extension service provides technical supervision for surveying soil conservation terraces, diversion channels, gully retracts, check dams, and other phases of soil conservation work.

Youths employed work one-fourth time and are paid at prevailing wage rates for their community. Each field party consists of the supervisor and five or six youths. A different group works each week, so that a full-time project may employ 20 to 25 youths.

"GEORGIA PEACH" SUES FIRM FOR \$1,000,000

Dallas, Nov. 23. (AP)—Mrs. Virginia Cogswell, 28, who said she was one time known as the "Georgia Peach," won the "Miss America" title in 1924, and had been married seven times has filed a \$1,000,000 damage suit here against a New York firm. Mrs. Cogswell alleged the firm sent her here to manage a local store, agreed to compensate her with 2 per cent of net sales, and replaced her with another manager in breach of a contract which called for two weeks notice.

The winning young woman told reporters of seven marriages, but named only four of the husbands. She included in the list Asa Patterson, nephew of Asa Candler, soap drink manufacturer, and Lord Charles Seeger of London, Eng.

Mrs. Cogswell said she estimated the total wealth of her seven husbands to have been \$10,000,000, but she had asked none for alimony.

AUTOMOBILE SALES FOR MONTH SHOW INCREASE

Austin, Nov. 23. (AP)—The University of Texas Bureau of Business research reports Texas automobile sales in October showed a moderate increase over the same month last year but a decline from the preceding month, probably because of change over to 1937 models.

Fifteen representative counties reported 4,132 sales, an increase of 10.2 per cent over October last year, and a 11.4 per cent decline from September. Aggregate sales for the first ten months of 1936 were 60,891, an increase of 22 per cent over the same period last year.

Greatest relative gains for the first ten months over the same period last year were in the higher price groups, the bureau reported.

TEXAS INSECTS USED IN AUSTRALIA COCKLEBURR FIGHT

Uvalde, Nov. 23. (AP)—"Baria," a tiny black beetle, is being exported from Texas to Australia to assist in ridding the country of cockleburrs.

Several years ago the government of that Commonwealth turned to Texas insects in its fight against the prickly pear after other methods failed, and now is turning its attention to the cocklebur.

Ten thousand of the insects recently were shipped from here to Canberra, N. S. W., headquarters for burr control work in Australia, where they will be used in experimental work. Other shipments will be made at intervals.

Through an agreement of astronomers, each day begins at East Cape, the easternmost extremity of Siberia, therefore it begins at any other place.

SECURITY ACT AIDS STATES

"ASSISTANCE" BENEFITS FOR NEEDY CHILDREN ARE INCLUDED IN LAW

Washington, Nov. 23. (AP)—Using its powerful tax arm, the Federal Government is extending a helping hand to the States for the care of the needy aged, the needy blind and dependent children under 16 years of age.

Unlike the old age pensions and unemployment insurance sections of the Social Security Act, however, these "public assistance" provisions impose no special tax. The grants to States which meet the specified conditions, amounting already to over \$30,000,000, are met from the general revenue funds of the Treasury.

The Security Board estimates that more than 1,400,000 are now receiving regular cash allowances under the program. All save five States, Georgia, Kansas, Nevada, Tennessee and Virginia, are participating in at least one of the three phases. Twenty-three States have taken advantage of all three.

Security Board officials draw a sharp distinction between old age "pensions" and "assistance." As explained before, there are no tests of need under the pension plan. But "assistance" payments can go only to those in want, as adjusted by the responsible local authorities. The State sets its own standards of the degree of need, age and the like, subject to a few Federal limitations.

Until 1940, a State law may require that an applicant be as much as 70 years old. After that no law may have an age requirement in excess of 65. No citizen may be excluded on grounds that he has not been a citizen long enough, and no one who has been a resident of the State for five of the nine years before he asks help, and has lived in the State continuously for a year before applying, may be denied assistance on ground of too short a residence.

The Federal grants equal one-half the assistance payments in the State per individual. That is, a State may pay the individual \$40 a month if it desires, but the Federal Government will pay the State only \$15; the State itself must stand the other \$25 expense.

An additional 5 per cent of the Federal grant is allowed for administration expenses. None of the money may be used for payments to persons under 65 or to inmates of public institutions.

The Federal grants for aid to children are one-third of the State expenditures for that purpose, except no contribution is made for that part which exceeds \$18 a month for the first child and \$12 for each additional child in the same family. Payments for children in institutions may not be supplemented with the cash from Washington.

To be helped, the dependent child must be living with relatives.

The raising of State funds is left entirely to the States. Each State plan must be effective all over the State, and must be mandatory upon the local units if administered by them.

Periodic reports may be required by the Security Board.

Should the State plan fall short of the required standards at any time due to lack of funds, maladministration or any other cause, the Security Board must try to adjust the situation. If it fails, the Federal grants can be discontinued until the State assures effective operation.

The Hindu religion still survives in the island of Bali and Lombok.

Ginnings From 1936 Crop Pass Total for 1935

Washington, Nov. 23. (AP)—Cotton of this year's growth ginned prior to November 14 has been reported by the Census Bureau to have totaled 10,766,578 running bales, counting 225,615 round bales as half bales, and including 7,884 bales of American-Egyptian.

Ginnings last year to Nov. 14 totaled 8,436,538 running bales, including 167,251 round bales and 9,490 bales of American-Egyptian, and to that date two years ago 8,634,632 running bales including 159,667 round bales and 9,021 of American-Egyptian.

The crop this year, as forecast by the Department of Agriculture this month, is indicated to be 12,400,000 bales of 500 pounds gross weight each. Last year's production was 10,933,000 bales.

Ginnings this year to Nov. 14 by states were:

Alabama, 1,092,391 bales; Arizona, 101,969; Arkansas, 1,149,048; California, 168,356; Florida, 27,212; Georgia, 981,585; Louisiana, 730,640; Mississippi, 1,776,549; Missouri, 279,235; New Mexico, 81,966; North Carolina, 435,333; Oklahoma, 254,567; South Carolina, 641,863; Tennessee, 376,382; Texas, 2,536,819; Virginia, 23,315; all other states 11,208.

PIONEER TUNG OIL PRODUCER TO SPEAK AT BUNA SATURDAY

Beaumont, Nov. 23. (AP)—"Uncle" Joe Griggs of the Griggs settlement in Newton County was expected to discuss his pioneering in production at the tung oil "Achievement Day" observation at Buna Saturday.

Buna, claiming to be the "tung oil center of Texas," invited prominent East Texas agriculturalists here to consider ways and means of promoting the industry.

Griggs experimented the past eight years in growing tung trees and says he has several thousand ready for transplanting the first of the year. He says he gathered nearly a ton of seed this year and believes that on suitable sandy soil and with proper care, tung trees in Newton County will produce at least 50 pounds a tree the fifth year, with an increasing production in subsequent years.

"I believe," he says, "there are thousands of acres in Newton County that could be brought into production with a return of \$30 to \$70 an acre."

Many eye diseases are communicable.

SURVEY WORK COMPLETED

OPERATIONS PROGRESS ON DAM CONSTRUCTION IN BRAZOS DISTRICT

Temple, Texas, Nov. 23. (AP)—Major Eric Haquinus, chief of mapping and surveys for the Brazos district, says field survey work is complete in the Possum Kingdom, Cordova Bend, Leon, Seymour, and Lampasas reservoir areas.

Office work is finished in the Possum Kingdom area, and 30 per cent complete in the Leon area. He says field work in the Breckenridge area Dec. 1, will be completed and the Whitney area about Dec. 15.

Work is progressing in the North and South San Gabriel River reservoir areas, and field operations began in the Bee Mountain area Nov. 15. Field work will not begin in the Turkey Creek area until Dec. 5, and in the Navasota area until after the first of the year, Haquinus says.

The Brazos district, a State agency created by the Legislature in 1929, has charge of construction of 13 major dams to control flood water on the Brazos River, for which President Roosevelt approved an appropriation of \$30,000,000. Funds have been released for construction of the Possum Kingdom dam near Mineral Wells.

Calf Draws Premium.

Floydada, Texas, Nov. 23. (AP)—A fat calf sold at auction here during the recent boys' club show brought Kenneth Martin of the South Plains community \$98.00. The high bid of 11½ cents a pound was made by Jim Taylor, Quintana ranchman, from whose herd the calf was bought by the boy.

Still Coughing?

No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with anything less than Creomulsion, which goes right to the seat of the trouble to aid nature to soothe and heal the inflamed membranes as the germ-laden phlegm is loosened and expelled.

Even if other remedies have failed, don't be discouraged, your druggist is authorized to guarantee Creomulsion and to refund your money if you are not satisfied with results from the very first bottle. Get Creomulsion right now. (Adv.)

NOTICE

To Taxpayers

If you are unable to pay all of your 1936 taxes, pay one-half by Nov. 30th, 1936 and you will have until June 30th, 1937 to pay the last one-half without interest or penalty.

LOANS

BASED ON FAIR DEALING TO ALL

THE borrower who feels that his loan should be renewed and renewed is unwittingly blocking normal financial traffic. Bank credit is created for the use of the community, not just a fortunate few. Unless loans are generally repaid when due, the flow of credit into new, deserving channels will obviously be limited.

This bank endeavors to apply its loan policy with fairness to all—to the local business interests it serves, to its depositors whose funds it must protect, to its directors who are responsible for wise management, and to its stockholders whose money has made it possible for this institution to render financial service to the community.

BEGIN HERE TODAY
MARCIA CANFIELD, daughter of wealthy PHILIP CANFIELD, knows that the neighborhood is buzzing with gossip over the sudden disappearance of FRANK KENDRICK, whose engagement to Marcia has been announced. Since his disappearance, a shortage in Kendrick's funds has been discovered.

With her friend, HELEN WADDELL, and others, Marcia is in a restaurant when there is a hold-up. Marcia loses a ring that was her mother's.

Learning that Frank is in Chicago, Marcia goes there to try to persuade him to return and face his financial obligations. Before she reaches him, Frank leaves again.

Meanwhile, TONY STELLICI suspects his brother, CARLO, of being involved in the holdup and finds some of the loot in Carlo's home.

Marcia, learning her trip was in vain, takes a plane home. Storm forces the plane down and passengers seek shelter in a farmhouse. Among them is BRUCE McDOUGALL, a stranger whom Marcia has

encountered twice before.
News of Marcia's trip to Chicago causes more gossip in the town in which she lives. Marcia arrives home.

NOW GO ON WITH THE STORY

CHAPTER XI

Dorothy Osborn looked at her parents across the breakfast table with an habitual bitterness, not unmixed with contempt. It was a feeling which she was not at particular pains to conceal, but they never expected it, never had the unhappy experience of realizing it.

This morning Dorothy brooded over her most consistent complaint, the financial status of the Osborns. If only they lived in the city! There one could conceal one's poverty, one could walk with chin up, for there one walked so much among strangers. But in the narrow, intimate limits of Bobbs Neck, everyone else knew, or accurately guessed, the state of one's pocketbook.

For as long as she could remember, she had been conscious of the lack of money. She had hated her clothes, from kindergarten to school graduation, never noticing the attire of girls less fortunate, keenly aware of the dresses of girls more fortunate. Girls who had everything. Girls like Marcia Canfield and Helen Waddell.

Well, there was one satisfaction! Marcia had had all the advantages of money, but how did she like her status as a jilted woman—jilted by an embezzler, at that?

There had been a great deal of enjoyment in considering this over the weeks. Its full flavor was a secret joy, and there was also a secret and bitter ingredient; but it was joy, nevertheless. That secret ingredient would always be her secret, Dorothy promised herself.

Rehearsals for "Half-Acre in Eden" were now taking place every second night, until Christmas, when there would be a week's recess. There was a rehearsal tonight, and

Dorothy made it a point to be early at the village auditorium. She made it a point also to be exceptionally agreeable to each arrival as she waited in the auditorium, so that, as the hour of rehearsal arrived, she had collected a considerable group of the other players. It was not difficult to steer the conversation around to Marcia Canfield and her journey.

Now someone said: "Well, I still feel sorrier for Marcia than for anybody else in the whole affair."

Dorothy had been waiting for the remark.
"Oh, so do I!" she said. "And I feel especially sorry for her when I think how she actually chased across the country after the man who jilted her."

As if timed to the instant, Marcia and Helen Waddell entered the auditorium. The subject of the group's discussion was painfully apparent from the quick silence, and the greetings extended to Marcia came from a nest of embarrassment.

The first act got under way. There was a scene between Marcia, as Julia, and Dorothy, as Emma, Julia's acid sister. Julia, who had been unlucky in love, tried to explain to Emma why she intended to seize the chance of a job in another city—at home there were only unpleasant memories and associations. Emma derided her.

"You'll soon learn you can't go running away from trouble," retorted Dorothy, giving an excellent performance in the part of Emma.
"And perhaps some day you'll learn that other people's troubles are real to them, whether you happen to possess any human sympathy or not," replied Marcia, in the role of Julia.

There was no pause here in the business of the play—but Dorothy paused. Her voice rose slightly, unnecessarily.

"You're not the first woman to get a raw deal from a man, you know."
"No, nor the last. . . . Oh, if I could only make you understand! To go on living on the same street with the man who humiliated me! I tell you, if I could fly away from here this moment—"

It was not a cue; there were not even any other players on the stage. But the rehearsal suffered the interruption of a giggle—a giggle quickly suppressed, and then resumed, and added to, from among the group of players awaiting their turns in the auditorium.

Two hours later, riding home in Helen Waddell's car, Marcia began to feel the reaction to her activity of the past few days. She was utterly weary.

Helen sought conversation on other matters.
"I've had a grand idea," she said. "I think I'll open a dress shop. The town needs one badly. The family always clamps down on me when I talk of getting a job to keep myself busy, but this would be different—and if they don't think so they can lump it."

Marcia had not heard a word.
"How would you like to go partners?" pursued Helen.

"What? . . . Helen, I'm not going on with the play."
"You're not going to do what?"
"I'm going to quit the cast."

They were a block from the Canfield home. Helen drove to the door and switched off the motor.
"I'm coming in for a sandwich."

and darn the hour!" she cried. "Now, sister, you and I are going to do some more talking."

They went into the house.
"May heaven help me," said Helen to herself. "Me, I always wanted a job. And now I've got one. It doesn't pay, and it hasn't much of a future, but it's my job and I'll work it. . . . Now, see here, Marcia—"

At the same moment a train arrived in Bobbs Neck bearing Mike Bradford, who had been covering a night assignment for the New York afternoon newspaper which employed him, and who wasn't any too pleased about it. He saw the lights of the Dog Wagon and decided to have a hamburger and coffee.

Tony Stellici was serving a group of Stagecraft Guild members, on their way home from the rehearsal, and Mike as he entered the restaurant found that conversation was getting along splendidly, if volume could be trusted as a guide.

"Whom are we panning now?" he inquired amiably as he took a seat next to Dorothy Osborn.

"Hello, Mike," said Dorothy. "Why as a matter of fact, we were saying that it seemed so funny for Marcia Canfield to go chasing across the country after Frank Kendrick."

"Who was saying?" asked Mike.
"Why, everybody."
"That's a lie," said Mike. He had had the gossip from Mrs. Bradford earlier in the day. "I wasn't saying so, Tony wasn't saying so, the dishwasher wasn't saying so. Just you and Dorothy Osborn."

"Hello, Mike," said Dorothy. "Why as a matter of fact, we were saying that it seemed so funny for Marcia Canfield to go chasing across the country after Frank Kendrick."

"Who was saying?" asked Mike.
"Why, everybody."
"That's a lie," said Mike. He had had the gossip from Mrs. Bradford earlier in the day. "I wasn't saying so, Tony wasn't saying so, the dishwasher wasn't saying so. Just you and Dorothy Osborn."

"Hello, Mike," said Dorothy. "Why as a matter of fact, we were saying that it seemed so funny for Marcia Canfield to go chasing across the country after Frank Kendrick."

"Who was saying?" asked Mike.
"Why, everybody."
"That's a lie," said Mike. He had had the gossip from Mrs. Bradford earlier in the day. "I wasn't saying so, Tony wasn't saying so, the dishwasher wasn't saying so. Just you and Dorothy Osborn."

"Hello, Mike," said Dorothy. "Why as a matter of fact, we were saying that it seemed so funny for Marcia Canfield to go chasing across the country after Frank Kendrick."

"Who was saying?" asked Mike.
"Why, everybody."
"That's a lie," said Mike. He had had the gossip from Mrs. Bradford earlier in the day. "I wasn't saying so, Tony wasn't saying so, the dishwasher wasn't saying so. Just you and Dorothy Osborn."

"Hello, Mike," said Dorothy. "Why as a matter of fact, we were saying that it seemed so funny for Marcia Canfield to go chasing across the country after Frank Kendrick."

"Who was saying?" asked Mike.
"Why, everybody."
"That's a lie," said Mike. He had had the gossip from Mrs. Bradford earlier in the day. "I wasn't saying so, Tony wasn't saying so, the dishwasher wasn't saying so. Just you and Dorothy Osborn."

"Hello, Mike," said Dorothy. "Why as a matter of fact, we were saying that it seemed so funny for Marcia Canfield to go chasing across the country after Frank Kendrick."

"Who was saying?" asked Mike.
"Why, everybody."
"That's a lie," said Mike. He had had the gossip from Mrs. Bradford earlier in the day. "I wasn't saying so, Tony wasn't saying so, the dishwasher wasn't saying so. Just you and Dorothy Osborn."

"Hello, Mike," said Dorothy. "Why as a matter of fact, we were saying that it seemed so funny for Marcia Canfield to go chasing across the country after Frank Kendrick."

"Who was saying?" asked Mike.
"Why, everybody."

WHY PAVE STREETS WITH CONCRETE?

here's why —

- 1 Every street demands a gritty, non-skid surface for the protection of motorists and pedestrians.
- 2 At night you need a pavement with high visibility.
- 3 Safety also calls for a pavement that is free from chuck holes, ruts and bumps . . . and stays that way with minimum maintenance.
- 4 You want a pavement that drains quickly . . . that is easily cleaned and stays clean . . . no depressions to catch dirt.
- 5 You want a pavement that makes the whole neighborhood look modern, prosperous, attractive.

Concrete . . . and only concrete . . . completely meets all of these specifications.

What is meant by Deposit Insurance?

THIS term usually refers to the deposit insurance of the Federal Deposit Insurance Corporation, a Federal government agency, created by an Act of Congress in 1933 and amended in 1935.

Under this law all national bank and all state chartered bank members of the Federal Reserve System are required to be members of the F. D. I. C. Other state chartered banks may become members by conforming to F. D. I. C. standards for admission to membership. Each member bank pays to the F. D. I. C. each year an assessment at the rate of 1-12 of one per cent of its total deposits. These payments go into the Federal insurance fund of the Corporation and are invested in United States Government Bonds. In return for these payments every depositor in banks which are F. D. I. C. members, is insured against loss for a maximum of \$5,000.

This bank is a member of the Federal Deposit Insurance Corporation.

NYA EMPLOYS MANY YOUTHS

VARIOUS PROJECTS ARE LISTED IN TEXAS PROGRAM

Austin, Nov. 23.—The National Youth Administration has employed an average of 10,061 youths part-time in Texas on work projects during the last six months, Lyndon B. Johnson, state director, has announced. These youths have been engaged in socially desirable work, much of it permanent construction on public property. Including wages, materials, and supervision, the average cost to the NYA of this work per youth is \$10.55 per month, 97 per cent of this sum being paid as wages.

Roadside highway parks, soil conservation surveys, and public park improvements have been developed in many places. Workers on home economics projects have canned much food and made many thousand garments for distribution to Texas relief families through relief agencies.

Mr. Johnson explained that many of the youths employed get their first work experience on NYA projects.

"The youths employed by the NYA learn what an employer expects of a workman, and many hundreds of them have been hired by private employers as a result of their NYA work records," he said.

Soil conservation survey projects operated in 24 counties of Texas required the work of an average of 518 youths from May 1 until Nov. 1, Mr. Johnson reported. The surveying parties assisted in soil erosion prevention work on 136,030 acres of land.

Soil Erosion Work Included.

Soil erosion control work was also done in 66 counties by NYA workers employed on projects supervised by the Texas Highway Department. In the last four months an average of 1,421 youths have been constructing turnouts, side road approaches, and preventing soil erosion on 874 miles of state highway right-of-way. A condition of this program was that the work should not result in the discharge of any regular Highway Department employee.

"An ounce of prevention is worth a pound of cure." There never was a truer saying where tuberculosis is concerned, Buy Christmas Seals—they help prevent tuberculosis.

Uses FREE POWER FROM THE AIR

NO MORE "RUN DOWN" BATTERIES

50c A YEAR OPERATING POWER COST

The Wincharger keeps your Zenith Farm Radio charged by air power.

ZENITH FARM RADIO

—LONG DISTANCE—

Zenith has effected a special arrangement with the manufacturers of the Wincharger, so that every owner of a Zenith Farm Radio can reduce his operating power cost to 50 cents a year for 10 hours radio enjoyment every day. This means no more dry A, B or C batteries to buy. No more dead storage batteries to take out and recharge.

Zenith Farm Radio, Model No. 6-V-27, illustrated above, is a 6-tube receiver—tunes American stations, police calls, amateur, aviation conversations, ships at sea and Foreign Stations. Has Black Magnavision dial employing Split-Second Tuning that enables logging and relocating foreign stations accurately. Operates from a 6-volt storage battery—kept charged by the Wincharger—Zenith Freepower.

Madrid Is Inferno in Rebel Drive

Bombs, bursting shells, and blazing buildings lighted this section of Madrid, Spain, as rebel besiegers battled for possession of the city. The photo, taken from a plane near the Bank of Spain, shows the massive, 14-story, American-owned telephone company building in background. In this area occurred some of the heaviest bombardments. The street at extreme right is the Gran Via, Madrid's Broadway. In left foreground is the Calle Alcalá, another famous street.

SHIP SUBSIDY PLANS PUSHED

MARITIME BOARD BREAKS GROUND FOR SYSTEM IN PLACE OF CONTRACTS

Washington, Nov. 23. (AP)—The Maritime Commission is moving rapidly to gear newly-created administrative machinery to the task of substituting a multi-million dollar ship subsidy program for the present system of mail contracts.

Breaking new ground in the field of Government aid to the merchant marine, officials reported Monday they have practically completed organization work and have begun devising methods for terminating existing mail agreements.

A special Commission division, headed by Commissioner George Landick, former Treasury planning expert, will examine applications by about 40 operators for adjustment of their contracts.

The applications will be followed by conferences between the operators and the Commission, after which the Commission will determine what payment would be a "fair adjustment" to the contractor for settlement of his claims under the mail agreements.

The Commission's action is subject to review by the Attorney General and may be contested in the courts by ship operators. Mail contracts totaling around \$23,000,000 a year now in force must be terminated by next June 30 under provisions of the ship subsidy law.

FORT WORTH PASTOR GOES TO POST AT ABILENE

Fort Worth, Nov. 23. (AP)—Father Henry Felderhoff, for the past nine years first assistant to Monsignor Robert M. Nolan at St. Patrick's Church here, has been assigned to the pastorate and deanery at Abilene by the Most Rev. Joseph P. Lynch, Bishop of the Dallas Diocese.

The Rev. Felderhoff will take charge on Dec. 1 of his new assignment, which will make him pastor of the Sacred Heart Church at Abilene as well as dean of nearly a score of Catholic churches in 14 counties of the area.

He will replace the late Very Rev. Henry Knifer who served the parish for 17 years and whose funeral Monday last was marked by celebration of the Solemn Requiem Pontifical Mass.

SHORT LINE ROADS ASK INCREASED FREIGHT RATES

Washington, Nov. 23. (AP)—Eight short line railroads have asked the Interstate Commerce Commission for authority to intervene and support the petition of Class 1 carriers for increased freight rates to partially offset surcharge which expire Dec. 13.

The petitioning carriers were: The Abilene and Southern; Cisco and Northeastern; Denison and Pacific Suburban; Texas Pacific-Missouri Pacific terminal Railroad of New Orleans; Texas-New Mexico; Peas Valley Southern; Texas Short Line, and Weatherford, Mineral Wells and Northwestern.

Visitors Checked.

Dallas, Nov. 23. (AP)—Tourist agencies here estimate more than 1,000,000 persons from other states visited the Texas Centennial Exposition to date. Harry Erickson, manager of a tourist bureau maintained at the Exposition by an oil company, says the Denver bureau of the company "routed more than 500,000 persons to the exposition and handled nearly 300,000 here. I understand," he says, "the Dallas Automobile club handled about as many in the business section of that city."

Signs of the Times

Muleshoe, Nov. 23. (AP)—William G. Kennedy, president of the Progress community school board, announces his school built a new \$10,200 auditorium without additional taxation.

RANGERS SEEK MISSING PAIR

HARLINGEN MAN AND SON DISAPPEAR ON HUNTING TRIP NEAR LAGOON

Harlingen, Texas, Nov. 23. (AP)—The disappearance of Luther Blanton, 57-year-old farmer, and his 24-year-old son, John, was investigated Monday by three Texas Rangers.

The Rangers, requested by relatives, sought some trace of the men after a posse of 100 officers and citizens searched three days the section in which the farmers were believed to have gone hunting.

The men left their home near San Peleito Wednesday to hunt on a lagoon about five hundred yards away. Relatives feared they met with foul play.

Frank Blanton said he heard a shot about sundown Wednesday, apparently in the section in which his father and brother were supposed to be hunting.

Old timers say eight men disappeared in the vicinity of the lagoon during the past 15 years.

99-YEAR-OLD FORMER SPY RECOUNTS EXPERIENCES

Saragosa, Texas, Nov. 23. (AP)—A spy and dispatch bearer for Confederate forces during the Civil War, Mrs. Ira E. Williams, 99, recalls stirring events of the Civil War and how she escaped to Texas in charge of a wagon and 16 young Negro slaves. She lives on a cotton farm near here with her son, J. W. B. Williams.

"I carried dispatches from Springfield, Mo., into Northern Arkansas for Gen. Price," she says. "Gen. Marmaduke and Col. Shelby were there, too. I was a spy as well as a dispatch bearer. I could see enemy soldiers and movements and report them as well as carry messages and guns. I rode the Roaring River of the Ozarks, following the cattle paths. I would string pistols along my waist under my hoops. On my last ride a while before the surrender, I remember that I carried three guns. I traveled by day sometimes and often by night in rain and cold. The guns were worth \$100 each in those days and they weren't easy to get from under the noses of the Yankees. I did everything for our soldiers but kill. I never killed a man," she says.

Mrs. Williams was born in Chickasaw County, Miss.

"My man fought through four years of the war and was an orderly sergeant. When the surrender came, my man sent me word to clear out for Texas. So I loaded 16 young Negroes and headed for Texas."

Mrs. Williams reached Clarksville, south of the Red River, ten days before the Southern surrender. Mrs. Williams' husband was Ira Ellis McMillan Williams, nicknamed "Alphabab."

Although she has lost the sight of one eye, Mrs. Williams is active.

Vicious Dogs Bother Postmen in Houston

Houston, Nov. 23. (AP)—Some Houston postmen risk torn clothes daily. "On the average," says Postmaster J. S. Griffith, "one mail carrier per week is bitten by a dog. Postmen usually succeed in making friends with all dogs on their routes, but often there is one vicious animal to plague them."

"Postal regulations, however, do offer some protection to the postmen, permitting a mail carrier to refuse to make deliveries to the owners of vicious dogs who fail to keep the animals tied," he says.

Cupid Scores.

Marriage licenses were issued from the office of the Wilbarger County Clerk during the past week to the following couples: J. B. Moore and Miss Hassie Patterson; Fred B. Rudolph and Miss Ina Georgia Baker; W. Hugh Shaw and Miss Theola Rushing. Licenses were also issued to two Negro couples.

TEXAS GETS EIGHT LOANS

COOPERATIVE PROJECTS OF STATE FARMERS ARE FINANCED BY RA

Dallas, Nov. 23. (AP)—D. P. Trent, regional director for the Resettlement Administration, announces loans for eight co-operative enterprises, ranging from a hay press to a chicken hatchery, were made in Texas during October.

Trent says such loans are made to groups of farmers unable to obtain financing for co-operative enterprises from other sources. These are in addition to individual loans made to approximately 30,000 Texas farmers in the past year, he says.

"One hundred and seventy-eight farmers will participate in the benefits of the eight co-operative loans," he says. "In each case the loan was made to a farmer who had obtained agreements from others to use the equipment or facilitate jointly, paying a stipulated fee. For instance, the \$850 made to T. W. McDaniel of Denton County will provide a chick hatchery which will be used jointly by 42 low-income farmers in his community. Another Denton County group obtained a \$250 loan for a hay press in the name of Will Rusey."

Hidalgo County, which has consistently maintained the lead in such co-operative activities, Trent says, obtained four more loans covering service for 57 farmers, distributed as follows:

A. B. DeKoch, \$1,250 for orchard care and land preparation equipment, H. E. Cleveland, \$2,200 for combine, threshing, and land preparation equipment, C. A. Townsend, \$1,500 for orchard and land preparation equipment, L. C. Delp, \$1,427 for orchard and land preparation equipment.

In Polk County, Henry Warren and a group of 39 farmers received a \$600 loan for a purebred jack, Antonio Benavides and 20 others in Starr County obtained a \$725 loan for a combine thresher.

MEAT OF PECAN ATTRACTS ATTENTION OF OTHER NATIONS

Austin, Nov. 23. (AP)—The meat of the pecan, of which Texas supplies half the world crop, has attracted attention to other countries.

Information on pecan culture is sought from the State Department of Agriculture by persons in England, Nicaragua, the Transvaal, Paraguay, Japan, Argentina, Chili, Australia, Brazil and Symrna.

W. D. Sims, pecan expert, said these countries stood little chance of developing pecans because of climate. Bearing groves would take from 15 to 25 years to cultivate, starting from scratch.
